

GI-BMP Coupon Codes

Coupon codes allow employers to pay for their employees' training. Multiple coupons can be purchased in a single transaction. Give each employee a code to use when they purchase online testing or training. When they check out, they can choose to redeem the coupon rather than paying with a credit card.

To Purchase Coupons for Employees:

The employer should be logged in to their own account to make the purchase, not the employee's account. After logging in at <https://gibmp.ifas.ufl.edu>, click **DVD Training** on the blue menu bar:

Scroll down to the last bullet point on the page. Click the appropriate button to select coupon language.

- Purchase coupons for online test option

Purchasing coupons allows you to pay for a test that an employee or someone else will use. Each coupon code can be used only once to purchase the online DVD test or the online training. Unused coupons are not refundable, but they do not expire, and can be used any time in the future.

Note: you can pay for your own test directly; you do not have to use coupon for yourself.

On the next screen, you can change the quantity, if desired. Click Purchase to add the coupon(s) to your Shopping Cart.
