

Florida-Friendly Landscaping™ Municipal Landscape

This award recognizes a governmental property that adopted environmentally sound landscape, irrigation, and management policies that incorporate Florida-Friendly Landscaping™ principles. The jury will consider the design, installation, and maintenance of the commercial landscape based upon the nine Florida-Friendly Landscaping™ principles.

Typical Entries Include: Governmental, and institutional properties that have installed a Florida-Friendly landscape. Nominees may self-submit or may be nominated by others.

Below is a suggested outline for the project narrative.

- **Summary**
 - What was the motivation to make environmentally friendly changes to the landscape?
 - Please provide a detailed description of the planning and implementation of this project. Were consultants used to help with this process?
 - Discuss any challenges you faced in making the changes to your landscape.

- **Scope of Project**
 - Which of the Florida-Friendly Landscaping™ program's nine principles have been adopted? (see [nine principles attachment](#)).
 - Have improvements been made to the stormwater ponds, if applicable? (see [stormwater attachment](#)).
 - Please state or describe any outreach activities that were part of the project.
 - Please discuss any challenges you faced in promoting program adoption to your stakeholders.
 - Please include any additional information you consider relevant to the topic.
 - Upload images to illustrate your submission.

- **Maintenance**
 - Does your Landscape maintenance contract incorporate UF/IFAS recommended Best Management Practices (BMPs)? See [Florida-Friendly Landscaping™ Management Contract](#)

- **Outcome**

- Provide specifics on the program's results to date including the gallons and dollars saved by any Florida-Friendly Landscaping™ changes made. Please describe how you calculated the savings rate, return on the investment, and payback period for your community. Include information on any audits, tests or other methodologies used in the decision to implement the program.
- Do you have ongoing evaluation and measurement of effectiveness of your environmental programs? If so, please describe.
